

FIRMENPROFIL / PRODUKTE / DIENSTLEISTUNGEN

ForceManager is the mobile CRM and AI solution for field teams designed to make selling more efficient on the go. Loved for its usability, the mobile-first solution works as a stand-alone product for small to mid-sized companies, or as a sales accelerator that can plug-in to existing CRMs for enterprise. ForceManager is a Spanish based company present in 36 cities internationally with a U.S. launch planned for October 2018. At our Barcelona headquarters we have a team of 90 people from 14 countries dedicated to making ForceManager the best-in-class mobile CRM and personal sales assistant - one that can genuinely effect change in field sales teams worldwide.
